

Full-time

MBA

SABANCI
BUSINESS
SCHOOL

Sabancı Business School is located in the heart of an emerging market between east and west which attracts many local and multinational companies looking for different markets and thus enables rich career opportunities for our MBA students.

Sabancı MBA program combines the practice and theory of management, practices complying with the expectations of the sector through links with local and global sector leaders which provides Company Action Project (CAP) and internship opportunities.

ADVANTAGES OF OUR MBA:

- International AACSB accreditation
(Only 5% of the business schools are accredited by AACSB throughout the world)
- Scholarship opportunities
- Sabancı MBA diploma in 12 months.
- Work experience by Company Action Projects (CAP)
- International Exchange Opportunities
- Networking through MBA Club activities
- Receiving mentorship
- Support of Advisory board consisting of C-level directors.

Program Length: : 12 months

(Fall: September-January, Spring: January-May, Optional Summer (May-August))

Program Format: Full Time MBA program intakes students only for Fall term and the program starts in September. The program consists of 2 semesters: Fall and Spring and there are pre-terms in the beginning of each regular term. Sabancı MBA is a **full time, non-thesis program**.

Course Format: The curriculum is composed of core/required, elective courses and a project. The CAP is the most distinctive aspect of the Sabancı MBA, and a reason why many students choose our program as they receive hands on education and gain real-time work experience during their education (3 days in a week in Spring term)

Language of Instruction: English

Faculty Standards: Sabancı Business School is accredited by AACSB. All faculty members have PhD degrees and received their degrees from top-notch universities in US, Europe and Turkey.

Company Action Projects (CAP)

Company Action Projects are real projects that the top international and local companies in Istanbul undertake with our students. CAPs enable MBA students:

- Formulate and manage a real-life business project
- Work closely with business people and faculty
- Share project experience with other teams, multiplying learning opportunities
- Practice teamwork and time management skills
- Improve communication, conflict resolution and presentation skills
- Create prospects for future employment opportunities
